Clinical Laboratory Kits

PRODUCT DESCRIPTION	PACKAGING	CATALOG NO.
Anemia EPO ELISA test for the quantitative determination of Erythropoietin in human serum	Kit 96 tests	7025
Bone and Mineral Metabolism PTH (Intact) ELISA test for the quantitative determination of Intact Parathyroid hormone in human serum	Kit 96 tests	7022
Calcitonin ELISA test for the quantitative determination of Calcitonin in human serum	Kit 96 tests	7024
Cardiac Myoglobin ELISA test for the quantitative determination of Myoglobin in human serum	Kit 96 tests	7030
Troponin I ELISA test for the quantitative determination of Cardiac Troponin I in human serum	Kit 96 tests	7031
hs-CRP ELISA test for the quantitative determination of C-reactive protein (CRP) in human serum	Kit 96 tests	7033
Celiac Disease Tissue Transglutaminase (tTG)* ELISA test for the quantitative determination of anti-tissue transglutaminase IgA in human serum	Kit 96 tests	7044
Diabetes Isletest™ - GAD* ELISA test for the qualitative detection of circulating autoantibodies to Glutamic Acid Decarboxylase (GAD) antigen in human serum	Kit 96 tests	7009
Isletest™ - ICA* ELISA test for the qualitative detection of circulating autoantibodies against Islet Cell Antigens (ICA) in human serum	Kit 96 tests	7010
Isletest™ - IAA* ELISA test for the qualitative detection of circulating Insulin Autoantibodies (IAA) in human serum	Kit 96 tests	7011

* These products are not FDA cleared and are only available for export outside of the USA.

Clinical Laboratory Kits

PRODUCT DESCRIPTION	PACKAGING	CATALOG NO.
<p>Food Intolerance IgG Specific</p> <p>Allerquant™ 90G* (General panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 90 unique food antigens in human serum</p>	Kit 3x96 wells	7190
<p>Allerquant™ Med 90G* (Mediterranean panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 90 unique food antigens in human serum</p>	Kit 3x96 wells	7191
<p>Allerquant™ 90G* (Russian panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 90 unique food antigens in human serum</p>	Kit 3x96 wells	7193
<p>Allerquant™ 90G* (Asian I panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 90 unique food antigens in human serum</p>	Kit 3x96 wells	7199
<p>Allerquant™ 90G* (Asian II panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 90 unique food antigens in human serum</p>	Kit 3x96 wells	7180
<p>Allerquant™ 45G* (General panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 45 unique food antigens in human serum</p>	Kit 3x96 wells	7195
<p>Allerquant™ 45G* (French panel) ELISA test for the semi-quantitative analysis of IgG antibodies to 45 unique food antigens in human serum</p>	Kit 3x96 wells	7185
<p>Allerquant™ 21G* ELISA test for the semi-quantitative analysis of IgG antibodies to 21 unique food antigens in human serum</p>	Kit 3x96 wells	7198
<p>Allerquant™ 14G* ELISA test for the semi-quantitative analysis of IgG antibodies to 14 unique food antigens in human serum</p>	Kit 3x96 wells	7194
<p>Allerquant™ 7G* ELISA test for the semi-quantitative analysis of IgG antibodies to 7 unique food antigens in human serum</p>	Kit 3x96 wells	7189
<p>Allerquant™ 4G* ELISA test for the semi-quantitative analysis of IgG antibodies to 4 unique food antigens in human serum</p>	Kit 3x96 wells	7187
<p>Custom Food Intolerance Kit* ELISA test for the semi-quantitative analysis of IgG antibodies to food antigens in human serum; over 160 antigens to choose from; flexible panel size tailored to customer's requirements. Minimum quantities apply</p>	Kit 3x96 wells	Inquire

* These products are not FDA cleared and are only available for export outside of the USA.

PRODUCT DESCRIPTION	PACKAGING	CATALOG NO.
Gastroenterology		
Campylobacter* ELISA test for the qualitative determination of Campylobacter antigen in human fecal specimens	Kit 96 tests	7060
Cryptosporidium ELISA test for the qualitative determination of Cryptosporidium antigen in human fecal specimens	Kit 96 tests	7063
E. coli O157 ELISA test for the qualitative determination of E. coli O157 antigen in human fecal specimens	Kit 96 tests	7066
E. histolytica dispar ELISA test for the qualitative determination of E. histolytica antigen in human fecal specimens	Kit 96 tests	7078
Giardia ELISA test for the qualitative determination of Giardia antigen in human fecal specimens	Kit 96 tests	7069
Infectious Disease (H. pylori)		
GAP®- IgG ELISA test for the quantitative detection of Helicobacter pylori specific IgG antibodies in human serum	Kit 96 tests	7004
GAP® - IgM* ELISA test for the quantitative detection of Helicobacter pylori specific IgM antibodies in human serum	Kit 96 tests	7006
GAP® - IgA* ELISA test for the quantitative detection of Helicobacter pylori specific IgM antibodies in human serum	Kit 96 tests	7008
H. pylori Antigen* ELISA test for the qualitative detection of Helicobacter pylori antigens in human stool.	Kit 96 tests	7083
Pituitary and Adrenal		
ACTH ELISA test for the quantitative determination of Adrenocorticotrophic hormone in human serum	Kit 96 tests	7023
Specialty Tests		
Liver Kidney Microsomal Type 1 (LKM1)* ELISA test for the quantitative detection of autoantibodies to LKM1 in human serum	Kit 96 tests	7052

* These products are not FDA cleared and are only available for export outside of the USA.

PRODUCT DESCRIPTION	PACKAGING		CATALOG NO.
Breast Care			
Aware™ Breast Self Exam Used as an aid for routine monthly breast self exam; pad increases sensitivity by 16x (clinical study USA & Japan); for use in the home, doctor's office or as an educational aid (kit includes instructional DVD and instructions for use). (OEM bulk includes Aware Pad in resealable pouch) NTSC or PAL version available	Kit Pad	OTC box OEM bulk	1203 1210
Colorectal Disease - Fecal Occult Blood			
EZ Detect™ - OTC Drop-in-toilet bowl test for the detection of fecal occult (hidden) blood in stool; no diet restrictions, no handling of stool, no laboratory services required	Kit	OTC box	1000-1
EZ Detect™ Individual Individual test kit	Test	Envelope	1000
EZ Detect™ (Blank tissue pouch) White pouch containing test tissues; includes positive control (Cat No. 9812)	Test	OEM bulk	9810W
EZ Detect™ Physician's Dispenser Pack Point of care kit that contains 48 individual tests	Kit	48 envelopes	1001
Kidney Disease (Diabetes & High Blood Pressure)			
Fortel® Microalbumin Screening - OTC* Rapid 10-minute test for qualitative detection of raised levels of albumin in urine; recommended for diabetics and individuals with high blood pressure. (OEM bulk includes individual test device)	Kit Test	OTC box OEM bulk	1400-1 1400
EZ-Microalbumin™ - Professional* Point of care kit containing materials to perform 25 individual tests	Kit	25 tests	1400-25
Infection			
EZ-Procalcitonin™ - Professional* Point of care kit contains materials to perform 15 individual tests for the rapid qualitative detection of Procalcitonin in whole blood, serum, or plasma	Kit	15 tests	1505-15

* These products are not FDA cleared and are only available for export outside of the USA.

PRODUCT DESCRIPTION	PACKAGING	CATALOG NO.
Gastrointestinal		
EZ-C. difficile™ (GDH) Antigen - Professional* Point of care kit contains materials to perform 15 individual tests for qualitative detection of C. difficile (GDH) antigen in human fecal specimens	Kit 15 tests	1010-15
EZ-Calprotectin™ - Professional* Point of care kit contains materials to perform 15 individual tests for qualitative detection of Calprotectin in human fecal specimens	Kit 15 tests	1012-15
EZ-Campylobacter™ - Professional* Point of care kit contains materials to perform 15 individual tests for qualitative detection of Campylobacter antigen in human fecal specimens	Kit 15 tests	1502-15
EZ-Giardia™ - Professional Point of care kit contains materials to perform 15 individual tests for qualitative detection of Giardia antigen in human fecal specimens	Kit 15 tests	1501-15
EZ-H. pylori Antigen™ - Professional* Point of care kit contains materials to perform 15 individual tests for qualitative detection of H. pylori antigen in human fecal specimens	Kit 15 tests	1006-15
EZ-Listeria™ - Professional Point of care kit contains materials to perform 15 individual tests for qualitative detection of Listeria monocytogenes antigen in human fecal specimens	Kit 15 tests	1008-15
EZ-Salmonella™ - Professional Point of care kit contains materials to perform 15 individual tests for qualitative detection of Salmonella antigen in human fecal specimens	Kit 15 tests	1007-15
EZ-Shigella™ - Professional Point of care kit contains materials to perform 15 individual tests for qualitative detection of Shigella antigen in human fecal specimens	Kit 15 tests	1009-15
Fortel® Ulcer (H. pylori Ab) - OTC* Rapid 15-minute test for qualitative detection of H. pylori antibodies in whole blood (OEM bulk includes test device with dropper and test solution)	Kit OTC box Test OEM bulk	1005-1 1005

* These products are not FDA cleared and are only available for export outside of the USA.

CATALOG NO.

Ovulation (LH)

Fortel® Ovulation - OTC

Rapid cassette test for qualitative determination of LH in urine; used as an indicator of ovulation surge; 5-day test kit (OEM bulk includes individual test device with dropper)

Kit OTC box
Test OEM bulk

1251
1071

EZ-LH™ - Professional 6-Day

Point of care kit contains materials for 6-day LH testing

Kit 6 tests

1071-6

EZ-LH™ - Professional 10-Day

Point of care kit contains materials for 10-day LH testing

Kit 10 tests

1071-10

Pregnancy (hCG)

Fortel® Ultra Midstream hCG - OTC*

Detects both hCG and H-hCG (hyperglycosylated hCG) for up to 50% earlier detection, ultra sensitive (10 mIU/ml) 1-test kit and 2-test kit available (OEM bulk includes individual test device)

Kit OTC box
Kit OTC box
Test OEM bulk

1147-01
1147-02
1147

Fortel® hCG Cassette - OTC*

Rapid cassette (25 mIU/ml) for qualitative determination of hCG in human urine (OEM bulk includes individual test device)

Kit OTC box
Test OEM bulk

1048-01
1048

EZ-hCG™ Cassette - Professional

Point of care kit contains 25 individual hCG cassettes

Kit 25 tests

1048-25

Prostate Health

Fortel® Prostate(PSA) - OTC*

Rapid 10-minute test for qualitative detection of elevated levels of PSA in whole blood (OEM bulk includes test device with dropper and test solution)

Kit OTC box
Test OEM bulk

1081-1
1081

EZ-PSA™ - Professional*

Point of care kit contains materials to perform 15 individual tests

Kit 15 tests

1081-15

Drugs of Abuse

Rapid one step card or dipstrip for the qualitative detection of the following drugs of abuse in human urine; single or multi-drug combo format (2 to 12 drugs on one card)

Amphetamine
Barbiturate
Benzodiazepine
Buprenorphine
Cocaine
MDMA (ecstasy)
Methadone

Methamphetamine
Morphine (300)
Opium (2000)
Phencyclidine
TCA (antidepressants)
THC (marijuana)

* These products are not FDA cleared and are only available for export outside of the USA.

Biomerica's Irvine, California headquarters

Company Profile

Biomerica, Inc. is a global biomedical company that develops, manufactures and markets advanced diagnostic products used at the point-of-care (in home and in physicians' offices) and in hospital/clinical laboratories for the early detection of medical conditions and diseases. The Company's products are designed to enhance the health and well being of people, while reducing total healthcare costs. Biomerica primarily focuses on products for Diabetes, Gastrointestinal Disease and esoteric testing.

Contract Manufacturing

- Companion diagnostics test development
- Multiplex EIA/ELISA 96-well coating
- Small Batch Lyophilization (up to 2000 5ml vials per run)
- Automated filling and labeling of product components
- Component capping with torque check
- Key raw material identification and sourcing
- Environmentally-controlled critical production processes
- Technical transfer of contract-manufactured test kit
- Rapid scale-up of lot sizes for routine production and growth
- Small-scale Pilot production and testing for validation of test kit performance

Orders & Service

Please include the following information with each order:

- Purchase order number
- Name and address to which goods should be shipped
- Name and address to which the invoice should be sent (special department or person)
- Product name, catalog number, and quantity

Quality Assurance

- FDA Registered Facilities
- EN ISO 13485:2003 Certified
- Over 30,000 sq. ft. in our Irvine, California and Mexicali, Mexico Facilities

Limited Warranty

Biomerica warrants each of its products to be free from defects in workmanship and materials through the expiration date of the product when the product is used in strict conformity with the product labelling. The foregoing warranty is exclusive. Biomerica disclaims all other warranties, expressed or implied, including without limitation any warranty of merchantability, or warranty of fitness for a particular purpose. In no event shall Biomerica be liable for indirect, incidental, special, consequential, or punitive damages, however arising, even if it has been advised of the possibility of such damages. The purchaser's exclusive remedy and Biomerica's entire liability shall be limited, at Biomerica's sole and exclusive discretion, to replacement of the product or refund of the purchase price.
